

WYMIAR PO MONTAŻU

WYMIAR TECHNICZNY

A white wall panel that is a beautiful decoration with a three-dimensional effect. Made of waterproof PolyForce material, so it can be used in bathrooms and rooms exposed to constant contact with moisture. The product has ScratchShield technology, which ensures maximum surface hardening. The panel can be painted in any color using water-based paint. The optimal length of 270 cm allows installation in one piece, without the need to create unsightly joints.

Easy, quick and clean installation using **Mardom FixPro** or **Mardom Max adhesive**.

Possibility to finish panels with dedicated ends - **left** and **right**.

The product is entirely made in Poland.

Length: 270 cm

Width: 12 cm

Depth: 1.2 cm
